TECHNICAL SPECIFICATIONS

Material	HDPE
Color	Gray
Size	47 × 31 in
Outer Dimensions	47.2 × 30.7 × 24.8 Inch
Inner Dimensions	44.3 × 27.1 × 19.8 Inch
Net Weight	37.47 lb
Wall Type	Solid
Capacity	300 L
Static Load Capacity	1,731 lb
Dynamic Load Capacity	551 lb
Operating Temperature	-30 to +40 °C
Truck Load	510 (pcs/approx.)
Container Load (40 HC)	450 (pcs/approx.)

KEY FEATURES

SOLID WALL CONSTRUCTION

Heavy-duty solid HDPE walls provide safe and hygienic bulk goods containment.

HDPE CONSTRUCTION

Moisture, chemical and impact resistant for agricultural and industrial use.

300 L CAPACITY

Ideal volume for agricultural produce, food processing and industrial goods.

WIDE TEMPERATURE RANGE

Rated -30 to +40 °C for cold chain and outdoor storage applications.

PRODUCT OVERVIEW

The 47×31 Solid Plastic Bulk Container – Heavy Duty is a durable and reliable storage and transport solution for agricultural, food processing, and industrial supply chains. Manufactured from high-quality HDPE, its solid-wall construction provides exceptional strength and hygiene, while a wide operating temperature range of -30 to +40 °C makes it suitable for cold chain and outdoor storage.
