

## 48×40 Foldable Plastic Pallet Box – Lightweight

SKU: FB-489

Box Assembled — Front View

Folded — Space-Saving Storage

### TECHNICAL SPECIFICATIONS

Material	HDPE + PP
Color	Black
Size	48 × 40 in
Outer Dimensions	47.2 × 39.3 × 40.1 Inch
Inner Dimensions	44.5 × 36.2 × 34.2 Inch
Net Weight	70.54 lb
Wall Type	Foldable
Capacity	900 L
Static Load Capacity	1,102 lb
Dynamic Load Capacity	1,102 lb
Operating Temperature	-20 to +40 °C
Truck Load	320 (pcs/approx.)
Container Load (40 HC)	250 (pcs/approx.)

### KEY FEATURES

#### FOLDABLE WALLS

Side walls fold flat — reduces return freight volume by up to 75%.

#### HDPE + PP CONSTRUCTION

Durable materials resistant to moisture, chemicals and heavy impact.

#### 900 L CAPACITY

Generous interior for bulk goods, parts and industrial components.

#### FULLY COMPATIBLE

Standard 48×40 footprint fits all forklifts, pallet jacks and racking.

### PRODUCT OVERVIEW

The 48×40 Foldable Plastic Pallet Box – Lightweight is an efficient bulk storage and transport solution for logistics, manufacturing, and distribution environments. Built from durable HDPE and PP, its foldable side walls collapse flat for compact return shipping, while the 900 L interior provides generous capacity for parts, agricultural produce, and industrial components.
