KEY FEATURES

NESTABLE DESIGN

Pallets stack inside each other — up to 75% space saving when empty.

HDPE CONSTRUCTION

Lightweight yet durable; moisture, UV & chemical resistant for long life.

3-RUNNER BASE

Three-runner underside provides racking compatibility and forklift entry.

FULLY CUSTOMIZABLE

Safety rims and logo embossing available for any distribution application.

PRODUCT OVERVIEW

The 48×40 Nestable Plastic Pallet – Lightweight (3 Runners) combines the space-efficiency of a nestable design with the enhanced racking compatibility of a three-runner base. Manufactured from durable HDPE, this pallet is ideal for high-volume distribution operations requiring both efficient return storage and reliable racking load performance in warehouse systems.
