### PRODUCT OVERVIEW

The 24×24×10 Plastic Waffle Slab Form is a heavy-duty void-forming solution for constructing waffle and ribbed concrete floor systems. Manufactured from high-strength ABS and PP, this form reduces concrete volume and structural weight without compromising load capacity. The modular design tiles uniformly for consistent waffle patterns across large-span slab projects.

### OPTIONS & CUSTOMIZATION

- **Color:** Black or White
- **Form Size:** Available in multiple depths
