PRODUCT OVERVIEW

The 24×24×12 Plastic Waffle Slab Form is a deep void former for heavy-load waffle slab applications requiring increased rib depth. Manufactured from ABS and PP, this form provides a 12-inch void depth that significantly reduces concrete consumption in medium-to-large-span structural slabs while maintaining the modular interlocking format of the DR Polysystem range.

OPTIONS & CUSTOMIZATION

- **Color:** Black or White
- **Form Size:** Available in multiple depths
- **System:** Modular / custom grid layouts
