

TECHNICAL DATA SHEET

35×35×12 Plastic Waffle Slab Form – Reinforced Concrete Form

SKU: WS-3512

TECHNICAL SPECIFICATIONS

Material	ABS + PP
Color	Black / White
Form Size	35 × 35 × 12 in
Dimensions	35.4 × 35.4 × 11.8 in
Form Type	Waffle / Ribbed Void
System	Modular / Interlocking
Reuse Cycles	200+

PRODUCT OVERVIEW

The 35×35×12 Plastic Waffle Slab Form combines a large 35-inch panel footprint with a 12-inch void depth for efficient reinforced concrete slab construction. Manufactured from ABS and PP, it provides an optimal balance between concrete saving and structural rib depth, making it a practical choice for mid-rise residential and commercial building floor systems.

OPTIONS & CUSTOMIZATION

- **Color:** Black or White
- **Form Size:** Available in multiple depths
- **System:** Modular / custom grid layouts

KEY FEATURES

LARGE FOOTPRINT	ABS + PP CONSTRUCTION	CONCRETE SAVING	200+ REUSE CYCLES
35×35 in panel covers more area per form for faster large-span installation.	High-strength lightweight materials for precision waffle slab forming.	12-inch void depth reduces concrete and dead load in reinforced slab systems.	Easy to strip and reuse — significant project cost savings over many pours.
